

Date: June 3rd, 2022

Dear SolarEdge Critical Power customer,

SolarEdge’s vision and mission is to change the way we power our world and our lives. To accelerate the realization of this vision, SolarEdge has decided to direct resources for developing innovative solution for the storage segment.

As part of this transition, SolarEdge Critical Power is sunsetting its UPS portfolio. This letter serves as formal End of Life notice of SolarEdge B Family and L Family three phase UPS systems as stated in the table below.

Product Family	Product Model
L Family	L10US, L15US, L20US, L30US, L40US
B Family	B60US-IB, B120US, B240US

We encourage you to complete any needed purchases of UPS systems, as well as the related system accessories as soon as possible. The “last time buy” for systems and parts can be made by Aug 31st, 2022.

We would like to assure you that SolarEdge will maintain all its commitments and will continue to support your warranty and endeavor to supply spare parts for as long as reasonably possible.

We will also do our best to help you to maintain your short-term business needs and minimize the immediate impact.

Sincerely yours,

Itai Rosenfeld
VP General Manager Critical Power Division
