

XTREME POWER CONVERSION **J60-350 Lithium-Ion UPS** // APC Back-UPS Lithium BG500 COMPARISON

Xtreme Power J60-350 provides the benefits of lithium battery technology in a slim 1.25" form factor UPS. Integral mounting brackets, and easy access receptacles make J60 ideal for providing continuous power where a conventional UPS will not fit.

UPS COMPARISON

	Xtreme Power J60-350	APC Back-UPS Lithium BG500	Comments
Rated Capacity	350VA/200W	500VA/300W	The APC units offers higher capacity than the Xtreme Power J60-350. For higher capacity applications, the J60-350 can be used
Dimensions	6.9"H x 8.5"D x 1.25"W (73 Cu In)	11.4"H x 7.5"D x 2.1"W (183 Cu In)	The Xtreme Power J60-600 UPS features an ultra-compact design, occupying just 40% of the space of a standard APC UPS. With its slim 1.25-inch profile, it seamlessly fits into tight spaces where other UPS units cannot, offering unparalleled flexibility for space-constrained environments.
Construction	Steel	Plastic	The J60-350 is engineered with a robust steel case, offering exceptional durability and strength, making it ideal for demanding environments. In contrast, the APC is constructed with a plastic case
Mounting	Standard Mounting Brackets	No Brackets	The Xtreme Power J60-350 UPS comes equipped with standard mounting brackets, enabling versatile installation on walls, under counters, or inside enclosures to meet various application needs. In contrast, the APC UPS does not include mounting brackets, limiting its installation options.
Battery Life	10 year or 2000 cycles	5-8 years	The J60-350 utilizes advanced Lithium Iron Phosphate (LFP) batteries, offering significantly greater durability than APC. This enhanced longevity translates to reduced maintenance needs and lower replacement costs over the UPS's lifespan, ensuring superior reliability and long-term value.
Runtime	6-minutes at 200W load	6-minutes at 200W	Both the Xtreme Power J60-350 and the APC BG500 provide 6 minutes of backup power at a 200W load.
Warranty	5 years	3 years	Xtreme Power's 5-year UPS warranty provides an extra 2-years of protection, reducing costs, increasing reliability, and offering greater long-term value over APC's 3-year warranty.
