

## XTREME POWER CONVERSION **S71-700** // Vertiv Liebert **PSA5-700MT120** COMPARISON

The Xtreme Power S71-700 and the Vertiv Liebert PSA5-700MT120 are both 700VA / 420W line-interactive UPS systems designed for desktop, network, and retail applications.

The S71-700 differentiates with TAA compliance, faster transfer and recharge performance, and a more compact, lightweight design.

### UPS COMPARISON

Feature	Xtreme Power S71-700	LIEBERT PSA5-700MT120	S71 Advantage
Capacity	700VA / 420W	700VA / 420W	Equivalent capacity
Topology	Line Interactive with AVR	Line Interactive with AVR	Equivalent topology
Output Waveform	Sine wave (normal), simulated (battery)	Simulated sine wave	Cleaner utility power pass-through
Transfer Time (typical)	4 ms	6–10 ms typical	Faster transfer
Receptacles	(4) NEMA 5-15R (all battery-backed)	(10) total (5 battery + 5 surge)	All outlets provide backup power
Recharge / Battery	4–6 hr to 90%	12 hr to 90%	Faster recharge
Dimensions (WxDxH)	3.9 × 11.8 × 5.6 in	3.9 × 11.4 × 11 in	Lower height, more compact
Weight	11.2 lbs	15.7 lbs	Lighter unit
Display	LCD	LCD	Equivalent
Communications	USB HID	USB	Equivalent
TAA Compliance	Yes	No	Approved for public-sector procurement
Warranty	3 years electronics + battery	3 years	Equivalent coverage
