

XTREME POWER CONVERSION V70-1500 UPS // Eaton 5P1000RC COMPARISON

Both the Xtreme Power V70-1500 and Eaton 5P1500RC are line-interactive UPS systems for entry-level servers, network closets, retail POS, VoIP, and AV equipment. Both provide AVR-based voltage regulation and battery backup, but the V70-1500 stands out with shallower rack depth, TAA compliance, and simpler ownership, while Eaton emphasizes a true sine-wave output.
