

XTREME POWER CONVERSION V70-1500 UPS // Eaton Tripp Lite Smart1500LCD COMPARISON

Both UPS systems deliver 1500 VA / 120 V line-interactive power protection for AV, network, and security applications. The key differences are deployment flexibility and remote management, with the V70-1500 designed for installations where network connectivity and remote visibility are critical.

UPS COMPARISON

| Feature | Xtreme Power V70-1500 | Eaton Tripp Lite Smart-1500LCD | V70 Advantage |
|------------------------------|------------------------------------------|---------------------------------------------------|---------------------------------------------|
| Topology | Line-interactive UPS with AVR | Line-interactive UPS with AVR | Comparable line-interactive AVR protection |
| Capacity | 1500VA/900W | 1500VA/900W | Equivalent 1500 VA / 900 W rating |
| Form Factor / Mounting | 2U rack-mount, wall mount or tower | 2U rack-mount or tower. No wall mounting | Wall-mount flexibility for tight spaces |
| Power Cord | 10 ft with right angle 5-15P Plug | 6 ft cord with 5-15P | Longer, right-angle cord simplifies routing |
| Dimensions | 17.3" x 10.5" x 3.4" | 17.3" x 10.5" x 3.5" | Drop-in footprint replacement |
| Communication Ports | USB (HID), RS-232, and Optional Web/SNMP | No Web/SNMP option available. USB and RS-232 only | Optional Web/SNMP remote monitoring |
| Surge / Transient Protection | Standard surge and line protection | Standard surge and line protection | Comparable surge protection |
| TAA | TAA-compliant | TAA-compliant | Meets federal procurement requirements |
| Warranty | 3 years (electronics & battery) | 3 years | Similar capabilities |
