

XTREME POWER CONVERSION **P80g-5000** // EATON **9PX5K** COMPARISON

The P80g-5000 is a high density, 208/230V line interactive UPS with industry leading reliability, efficiency, and flexibility. The P80g units just 2U and are available in capacities of 3kVA and 5kVA.

5kVA COMPARISON

	P80g-5000	EATON 9PX5K	ADVANTAGES
UPS Capacity	5000VA/4500W	5000VA/4500W	Both Xtreme Power P80g and Eaton 9PX provide 5kVA/4.5kW output capacities.
Topology	Pure Sinewave Line Interactive	Online Double Conversion	Xtreme Power P80g uses Pure Sinewave Line Interactive topology with Automatic Voltage Regulation (AVR). Eaton 9PX uses Online Double Conversion topology. Both provide clean and reliable network grade power.
Form Factor	2U Rack or Tower	3U Rack or Tower	Xtreme Power P80g uses less footprint saving valuable rack space for additional load equipment.
Hot Swappable Batteries	Yes	Yes	Both Xtreme Power P80g and Eaton 9PX provide hot swappable batteries ensuring clean, uninterrupted power to protected equipment while batteries are being replaced.
Output Receptacles	(1) L6-30R, (4) C19	(2) L6-20R, (2) L6-30R	Xtreme Power P80g provides additional C19 output receptacles, enabling connection of additional load equipment. Optional receptacle configurations provide for additional L6-20R and L6-30R receptacles.
Extended Runtime	Yes	Yes	Both Xtreme Power P80g and Eaton 9PX allow additional battery packs for extended runtimes.
Dual Voltage Output	Optional	Optional	Both Xtreme Power P80g and Eaton 9PX provide dual voltage 208/120V output with optional transformer module.
Warranty	3 years	2 years	Xtreme Power P80g warranty covers a full 3 years for both the UPS and batteries. Eaton 9PX provides a 2 year warranty.
