The UPS Selector Overview

Use our UPS configuration to look up and calculate your load.

Provide instant quotes for all of your critical power needs.

Size a UPS based on total watts you'd like to size.

With a few simple clicks, a quote can be provided for all your critical power solutions.

New Products

The UPS Selector has been updated with new Xtreme Power products:

- P80 Pure Sine Wave Line Interactive 120VAC UPS: 800VA-3000VA
- P80g Pure Sine Wave Line Interactive 208/230VAC UPS: 3000VA, 5000VA
- P90 1500VA-3000VA UPS with battery pack capabilities for additional runtimes
- P90-BP36E for P90-1500 and P90L-1500 models
- TX90-6KXR and TX90-10KXR with up to two times more discharge time than standard TX90 models

New Features

Start over

Change load

Runtime = 5 minutes; Total Load = 800 watts; Load = (1) Other 800 watts

Refine your search by checking voltage, mounting and technology filters below.

Runtime in minutes:

< minimum ----- 8 hours >

Technology:

- Online
- Isolated online
- Line-interactive
- Standby

select all | clear

Mounting:

-
-
-

Voltage:

- 120:120V
- 208:208V or 230:230V
- 208:240/120V
- 400:400V

select all | clear

Default Voltage
Automatically sets to 120V:120V and 208:240/120V
